Going Out of Business.

Sorry are we to chronicle the fact that a firm as old and reliable as the firm of A. A. Shuford & Co., are going out of

the mainstry in the firm which first e-isted as A. L. Shuford & Co. Late when A. L. Shuford withdrew a partne ship was formed by W. H. Ellis & A. Shuford. Then it became Shuford Graham, and remained so until C. Graham, now of Asheville, withdree and the present firm of A. A. Shinford 8 Co., was organized. Thus it has been for years and we hope it may be revive and live many years longer.

The dairy business in our country immense. It is estimated that \$2,500, 000,000 are invested and that \$15,000, 000 cows are used, requiring 60,000 acres of land. The South has much neglected this industry. With the advantages it ought to be a great produce of butter and cheese. It is said further that 750,000 men are engaged in the industry, and \$1,000,000 horses are required. The horses and cattle require 30,000,000 rons of lary 10,000,000,000 coru meal, about as much out meal, 275. It is estimated that \$2,500 corn meal, about as much out meal, 275 000,000 bushels of outs, 2,000,00 bushels of bran, and 30,000,000 bushe of corn. It costs \$450,000,000 a year t feed these animals and \$180,000,000 t

pay the hired help.
These figures are enormous, but it must be remembered that our country is vast, and our population now not fa from 65,000,000.
